Subject: Government Persecution of Big Business

Stop 'killing' Big Business! Get on with the job you all are getting paid for with our tax dollars - constitutionally - to provide for the common defense of the 'several states'!

Fight TERRORISM not American companies that hire citizens who pay the very taxes you people frivolously fritter away on 'unjust' causes'.

If we find crooks in our American industries, there are many legal and local authorities to chase them and prosecute to the 'fullest extent of the law'.

I pray to God that this message is CLEAR enough for the least of you and your limited understanding of the Constitution!
